

- Haitian Relief Efforts -

If you would like to make a donation toward the Haiti Earthquake Relief Effort, please send to the rectory your check made out to “Our Lady of Mercy Church” and note “Haitian Relief” in the memo portion of your check.

We are forwarding contributions from Our Lady of Mercy Parish to “Partners in Health”, an organization founded by Doctor Paul Farmer over twenty years ago.

Dr. Farmer has been directly involved in Haiti living and working part of each year there. You can read the book about him, written by Tracy Kidder, entitled “Mountains Beyond Mountains”, to gain a better appreciation of Haiti and its people.

Thank you in the name of the people your donation will help.
